GOMPERS CALLS BEVERIDGE LIAR

President of American Federation of Replies to Attack by Republican Candidate for Senator

MICHIGAN CITY ADDRESS

Beveridge Hurls Defiance and Stingy Epithet at Labor Head Following Flood of Literature

(By United Press)

Indianapolis, Ind., Oct. 27—Samuel Gompers called Albert J. Beveridge an "outrageous liar" and a "word mongrel" today.

Gompers invites comparisons of the services he and Beveridge performed for the country before, during and after the world war in reply to a speech which Beveridge delivered at Michigan City last night in his campaign for the United States senate.

Beveridge defied labor's attack against him in the Michigan City address and referred lightly to "Gompers and Company".

"I find that Mr. Beveridge has tried to drag me into this controversy and into his campaign," the veteran labor leader said.

"I welcome the attack. If there can be nothing about Mr. Beveridge's career that is more notable than any other, it is that he is a 'word mongrel' nothing more."

"I noticed in his speech last night and yesterday afternoon, a personal attack on me and that for which I stand. When he says he with others are attempting to tax wealth out of existence, disintegrate industry and soviet the United States, there is nothing other than the deserving comment that he is an outrageous liar."

"I venture to compare and I invite comparisons of all our records as to service He and I have performed during the world struggle.

Just as a flood of literature went over the state to labor and ex-service men attacking him, Beveridge came forth in a Michigan City address last night with defiance and with a stinging epithet against "Gompers and company."

The attacks "will disgust honest and intelligent working men," Beveridge told his audience while his democratic opponent Samuel M. Ralston was talking taxes across the state at Mt. Vernon.

The labor and ex-service men's opposition to Beveridge is being conducted independently of the Ralston campaign and the democrat has not been referring to them in his speeches.

Samuel Gompers was in Indianapolis conferring with labor leaders on the eve of the election. The purpose of his visit was not known publicly. Even the fact that he was here was hushed as much as possible. But 100,000 copies of a statement by Timothy Shea, vice-president of the Locomotive Firemen and Engineers, calling on railroaders to support Ralston went out through the mail.

At the same time, copies of the "Stars and Stripes" carrying a page of critical comment on Beveridge's candidacy and on his war activities were sent to former servicemen throughout Indiana. The editorials continued on Page Three.

TAX COLLECTIONS ARE LESS

Saturday Is Expected To Be Busy Day at Treasurer's Office.

Tax collections Thursday amounted to \$11,826.71, which was about four thousand dollars less than the previous day, and which brought the total paid on the fall installment up to \$159,148.01. It is estimated that the fall installment of taxes should bring in about \$450,000, leaving about \$290,000 to be collected.

Saturday is expected to be a busy day at the county treasurer's office and Rushville people are urged not to attempt to pay their taxes on this day so as to reserve it for farmers. The office will be open Saturday night and the following Saturday night and Monday night, November 6, the last day for paying taxes, to this effect.

CONTINUE SEARCH FOR DEMENTED MAN

Posse of Farmers and Officers Keep up Hunt For Alleged Firebug in Walker Township

SEEN AGAIN THURSDAY NIGHT

Search for the alleged demented man, who is believed to be responsible for several fires in Rush county, was resumed this morning in the vicinity of Homer, where he was reported to have been seen last night in the barn at the Frank Willis farm.

Willis notified the officers that about 10:30 Thursday night he went to the barn and the man, supposed to be the one wanted by the officers, was in the hay loft. Mr. Willis called help, and in the meantime the man escaped, and could not be found. A posse was formed and searched last night and the search by a great many farmers and officers was being made this morning.

On the night previous, John Kessler of near Manilla went to his barn and a man was hiding there who had a pitch fork and drove Mr. Kessler out of the barn, and the posse was unable to locate the man after the alarm was sounded.

The supposition is that the alleged firebug is sleeping in barns, and conceals himself in the daytime. Special investigator Simonds from the state fire marshal's office has been here all week assisting in the local affair.

COUPE SIDESWIPE BY AN I. & C. CAR

Manley Pearce Swerves Machine to One Side to Avoid Collision at Morgan and Fifth Streets

OCCUPANTS ARE NOT HURT

An Oakland coupe, owned and driven by Manley Pearce, Eleventh and Main streets, was damaged considerably at noon today when Mr. Pearce directed the machine to the side of the street in an attempt to avoid hitting an I. & C. traction car at the corner of Fifth and Morgan streets. Mr. Pearce and S. B. Groom, the only occupants, were not injured.

The traction car was going south, and Mr. Pearce was driving his machine east, and did not see the car until it was too late to stop, or speed up in order to get across. He suddenly swerved his machine south in order to prevent a serious collision and the traction car side-swiped the machine on the left side.

The interurban was going slowly, and was stopped quickly, preventing the machine from being turned over. The door, fender and left wheel were badly bent and twisted. Mr. Pearce exonerated the traction crew by taking the blame upon himself. The car was in charge of motorman Bert Glover of New Palestine, and Conductor Roscoe Brooks of Indianapolis.

New York, Oct. 27—A statement declaring that Mrs. Frances N. Hall did not leave her home on the night of the Hall-Mills murder and that her brother, Henry Stevens, was not in New Brunswick that night was issued today by Timothy Pfeiffer, attorney for Mrs. Hall. Pfeiffer stated that he had conclusive evidence to this effect.

FARM BUREAU IS JUSTIFIED BY ACTS

Everett McClure Points Out Accomplishments of Organization at Carthage Meeting

ORANGE FARMERS ALSO MEET

Session at Gowdy M. E. Church Addressed by W. H. Settle of Producers Commission Association

Two of the most enthusiastic township farmers' meetings for the year were held Thursday night, one by the Ripley Township Farmers' association at the Auditorium at Carthage, and the other by the Orange township organization at the Gowdy M. E. church. Both meeting places were taxed to capacity.

At Carthage the meeting opened with musical numbers by the town orchestra, followed by a splendid organization address by Everett McClure, formerly first vice-president of the state federation of farmers. The program was interspersed with entertaining musical numbers by a stringed orchestra, a ruba band, and the contestants in an old-fashioned fiddlers' contest. An exhibition of old-time jig dancing given by Mr. Ash afforded a great amount of entertainment.

Mr. McClure in his talk justified the existence of the farm bureau from the standpoint of the good accomplished by the township, county, state and national units of the organizations. He pointed out very forcibly that the salvation of American agriculture, in respect to the solution of its many perplexing problems, depended upon the continuance of the powerful organization which the farmers of the country have built up.

The meeting closed with the showing of the farm bureau photoplay, "Spring Valley," which illustrated in an entertaining and convincing manner the need for the farm bureau organization and some of the things that it was accomplishing.

The entertaining feature of the Gowdy meeting was furnished by the Arlington I. O. O. F. orchestra. The speaker for the meeting was W. H. Settle of the Producers Commission organization doing business at the Indianapolis market.

In beginning his talk, Mr. Settle stated that he represented the strongest, most powerful organization of farmers in the history of the country, one that had over a million and a half members and the organization that was responsible for the passage of more legislation favorable to the farmer and prevented the passage of more detrimental legislation than has been accomplished in the past forty years.

In discussing the legislative accomplishments of the American Farm Bureau, he pointed out that the defeat of the Ralston-Nolan bill took a tremendous tax burden off of agriculture. This bill proposed the levy of an excess tax of 1% on all land valuations over and above a valuation of \$10,000 dollars. To the farmer who owned land valued at \$20,000, for instance, the defeat of this one piece of legislation meant a saving in taxes of \$100 per year.

Other laws of value to agriculture that he pointed out in his talk were

ANNUAL CONVENTION NOV. 15

Sunday Schools of County Will Meet in Rushville on That Date

The Rush County Sunday School association will hold its annual convention in Rushville on Wednesday, November 15, it was announced today. There will be all day and evening sessions, with good speakers out of the city at each session.

As only about half of the Sunday schools in the county were present at the county convention last fall, it is hoped that every school will have delegates present at the forthcoming meeting. Printed programs for the convention will be mailed next week.

The place for holding the convention has not yet been determined.

RETURNS VERDICT OF GUILTY QUICKLY

Jury Deliberates Ten Minutes in Case of the State Against Farlow for Arson

DEFENDANT WILL APPEAL

Farlow is in Jail Pending Passing of Sentence, Which is 2 to 21 Years, by Judge

The jury which heard the arson case in the circuit court this week convicted John D. Farlow, age 48, Anderson township farmer, on the first ballot at 3:30 o'clock Thursday afternoon, returning a verdict of guilty. Ten minutes were required for their deliberation.

The defense requested that Judge John Craig of Greensburg, special judge who heard the case, defer passing judgment at that time, and the defendants was given over to the custody of Sheriff Hunt, until sentence is passed.

The attorneys for the defense stated that an appeal to the supreme court would be filed, and when they are ready to make their appeal, Judge Craig will come here, pass sentence, and arrange the appeal bond for the release of the defendant during the pendency of the case before the higher court.

The instructions of the court to the jury were to the effect that their verdict was to be guilty or not guilty, and that the matter of a fine and imprisonment was up to the decision of the court.

The instructions set out that the sentence for the crime of arson, upon a verdict of guilty, was a prison sentence of not less than two years, nor more than 21 years. The court also can include a fine of not greater than twice the value of the property involved.

According to the evidence in the case, and the court's instructions, the value of the barn in question, and the contents, was placed at \$5,000, which would mean that the fine could not exceed \$10,000, and that nothing less than \$20 could be imposed.

The case attracted considerable interest, especially from the Anderson township vicinity, where the defendant resided and is well known. The special judge in the case intimated that it would be impossible for him to return here today on account of another case in Greensburg, and that he could not possibly come until Saturday to have any motion filed in the matter, which would secure the release of the prisoner.

REGULAR BIG FOUR SERVICE RESTORED

Two Passenger Trains Taken Off September 15 Will Go Back on Schedule Monday

STAR ROUTES TO BE STOPPED

Regular service will be restored on the Big Four railroad Monday, it was announced at the Big Four offices here today, giving two trains each way a day and re-establishing the usual mail service.

On account of the two trains being put back on the schedule, the two Star motor routes created a week ago to take care of mail for Carthage and Milroy, will be stopped Saturday evening and mail will be carried on the two trains put back on the schedule.

No change is made in the time. Trains No. 1 and 2, which were taken off September 15, will run on the same schedule beginning Monday. Train No. 1, southbound, is due in Rushville at 8:05 a. m. and Train No. 2, northbound, is due at 5:30. The other two trains, which have been operated every day, are due here at 11:20 a. m., northbound, and at 3:41, southbound.

It was stated when the two trains were taken off that the passenger schedule had to be curtailed on account of the shortage of equipment and that freight was given the preference.

GRAND JURY TAKES RECESS

Holds Short Session This Morning and Adjourns Temporarily

The grand jury was in session this morning examining a few witnesses, and recessed at noon until some time next week when they will again take up their probe.

A special venire will be ordered probably Saturday for jury service on Tuesday when the case of the State against Elbert Morris, Milroy veterinarian, is scheduled to go on trial on a juvenile matter, charging him with encouraging delinquency. This case also is expected to attract considerable attention from the Anderson township neighborhood.

SAVANAH MOORE IS DEAD AT ARLINGTON

Wife of James W. Moore Expires at Age of 68 Years Following Short Illness

EIGHT CHILDREN SURVIVE

Savannah Moore, aged 68 years, wife of James W. Moore, well known woman of Arlington, expired at her home in that place Thursday night about 9:45 o'clock, death resulting from an illness of short duration, caused by paralysis.

Besides the husband, the deceased is survived by eight children, who are Mrs. Sarah DeWitt, Mrs. Phoebe Ray, Mrs. Leslie Trobaugh, Mrs. Joseph Coats, Mrs. Arthur Ritter, Mrs. Odie Drake, John Moore and Charley Moore, all of whom reside in the vicinity of Arlington.

The deceased was well known in her community, as she had resided there practically all of her life, and she took an active part in church and social activities.

The services will be held Sunday afternoon at two o'clock at the Arlington Christian church in charge of the Rev. Mr. Kearns and the Rev. Mr. Ulrey. Burial will be made in the Arlington cemetery.

Morton Oldham, aged 64 years, expired Thursday evening at his home in Newcastle, following a several weeks illness of Bright's disease. The deceased is survived by a widow, three sons and two daughters, and also one brother, Gary Oldham, living north of this city.

Mr. Oldham was well known in the Sexton vicinity where he formerly resided and had no immediate relatives living besides the family and one brother in this county.

Short funeral services will be held at the late residence in Newcastle Sunday afternoon at 12:30 p. m. and the body will be brought to the East Hill chapel, this city, where short services will be held and burial will take place at 2 o'clock.

PENNSYLVANIA MAN CALLED

The Rev. W. Guy Hamilton Chosen Pastor of Milroy U. P. Church

The Rev. W. Guy Hamilton of Pennsylvania, who has been unanimously chosen as pastor of the Milroy United Presbyterian church, will take up his work in the new pastorate Sunday, and expects to move his family to Milroy at once.

The call to the Rev. Mr. Hamilton was moderated by the Rev. E. G. McRibben, pastor of the First United Presbyterian church of this city, Wednesday evening, and the congregation extended the call to the new pastor without a dissenting vote. The Rev. Mr. Hamilton has been pastor of the Unity congregation in the Allegheny presbytery of Pennsylvania.

BROWN EXAMINES TAX "REMEDIES"

Chairman of State Tax Board Says Democratic Solution is Wholly Impractical

POPULATION DIFFERS WIDELY,
Referendum on Tax Questions Found Unsatisfactory in Past, Speaker Says at Portland

Portland, Ind., Oct. 27—Tax "Remedies" held out by the Democrats were held up for examination here last night in a speech by Chairman John J. Brown of the State Tax Board, who also explained the development of the present tax law.

"The Democratic party in Indiana this year propose a limitation of tax rates," said Mr. Brown. "When final analysis of this is made, you at once recognize this remedy as wholly impractical and fallacious for the reason that for instance in a county of exceeding wealth per capita a given rate would be wholly sufficient for the needs and demands of the people to provide suitable and satisfactory government in all departments. In another county of equal or even greater population such rate would be wholly inadequate to even provide necessities of government.

"Some Indiana townships have approximately eighteen times as much wealth per capita per school child as other townships. This variation obtains not only as to schools but also to many other comparisons which might be made in like proportion. Thus, you see how impractical it will be to attempt to apply a uniform rate under such conditions.

"The Democrats further offer as a referendum to the people on the question of indebtedness to be assumed by the various taxing units. This is generally regarded by students of economics as wholly impractical, and in Indiana has been wholly unsatisfactory because in the past there have been statutes with this provision under certain circumstances and conditions. Most of these laws have been repealed because: first, those most interested in securing public improvements for profit would be constantly exercising the right to call for an election; second, the heaviest taxpayers were largely in the minority; third, those who paid little or

Skin Ablaze with Eczema

Constant Itching Almost Unbearable!

We know there is one thing that stops eczema, and that is more red-blood-cells! S. S. S. builds them by the million! You can increase your red-blood-cells to the point where it is practically impossible for eczema to exist. We know that as

Blood-cells increase in number, blood impurities vanish! We also know that night follows day. Both are facts! But have you, eczema sufferers, ever actually taken advantage of this wonderful fact? Thousands just like you have never thought about it! Skin eruptions, eczema with all its fiery, skin-digging torture and its soul-tearing, unreachible itching, pimples, blackheads and boils, they all pack up and go, when the tide of blood-cells begins to roll in! Blood-cells are the fighting-giants of nature! S. S. S. builds them by the million! It has been done! since 1825! S. S. S. is one of the greatest blood-cell builders, blood-cleansers and body-builders known to us mortals! When you put these facts together, then to continue to have eczema and skin eruptions looks more like a wish than a disease. Mrs. Arthur N. Smith, Pearl St., Newark, Ohio, writes:

"My little girl had a very bad case of eczema. She began taking S. S. S. and is well now. I thank you very much. I tell my friends what a good medicine it is. I cannot talk too much about it, for I know it is O. K."

Here is your opportunity. S. S. S. contains only vegetable medicinal ingredients. Because S. S. S. does build red-blood-cells, it relieves rheumatism, builds firm flesh, fills out hollow cheeks, beautifies the complexion. It pulls you up when you are run down. S. S. S. is sold at all drug stores, in two sizes. The larger size bottle is the more economical.

S.S.S. makes you feel like yourself again

BROWN EXAMINES**TAX "REMEDIES"**

Continued From Page One

and wherein reductions should be made. Throughout Indiana, the average amount paid in taxes for purely administrative expense of state government is approximately 70 cents out of each \$100 of taxes. If this were eliminated, the average taxpayer would never discover the difference in the amount of tax he is required to pay.

There is but one remedy for high taxes and that is to practice economy in the administration of public affairs and spend less money on public improvements. If you desire less taxes you must expect and be satisfied with less public improvements. It is the problem of the people and very largely in their hands.

Tracing the development of the present tax law, Mr. Brown showed that Samuel M. Ralston and other Democratic leaders had urged the need of every provision of it.

He pointed out that the present law was a series of amendments to the 1891 law, which was enacted by the legislature recommending that the State Tax Board be empowered to remove county assessors and appoint their successors; that the State Board be given authority to the 1891 law, which favored adherence to the standard of true cash value provided by the 1891 law; control over bond issues by the State Board; and assessment of bank stock by the State Board.

FARM BUREAU IS JUSTIFIED BY ACTS
Continued From Page One
the Paerker-Stock Yards Control Law and the Capper-Volstead Act which gave to farmers the right to organize and market their products cooperatively.

The speaker related the story of the Farm Bureau's activity in regard to the transportation question. When the government guaranteed to the railroads of the country a profit of 6% on their investment, the American Farm Bureau presented evidence before the Interstate Commerce Commission that resulted in reducing the valuation of railway property by \$1,700,000,000. This meant a saving in freight rates of \$30.00 for every farmer in the United States.

Mr. Settle in his address told the

farmers about the spectacular growth of the livestock marketing work started by the Farm Bureau. He pointed out that the farmers now have selling agencies, owned and controlled by farmers, at Omaha, South St. Paul, East St. Louis, Indianapolis, and Chicago, and in the near future would install a commission organization at the Buffalo market. He showed that the farmers' companies were handling a good percentage of the receipts at these markets, and at Indianapolis have handled on some days as high as one-third of the stock shipped to that market. He indicated the great saving in commissions that are being made by handling this bulk of stock

through a central agency. This saving would be prorated back to the farmer in patronage dividends, said the speaker, providing the farmers was a member of the commission association.

The speaker touched upon other phases of the work of the Farm Bureau, not only to prove without a doubt that the organization had accomplished a great deal for the benefit of the farmer, but to show that the farmer can ill afford not to

SEIZE 268 QUARTS OF BOOZE

Prohibition Agents Swoop Down on Ship Docked at Houston, Texas

Houston, Tex., Oct. 27—Federal prohibition agents today swooped down on the German steamship, Oberschlesien, docked at the port here and seized the ship together with 268 quarts of liquor.

The captain of the vessel objected to the seizure and prohibition officers were forced to handcuff him to the rail of an upper deck for more than two hours, while they searched the boat.

The seizure of the ship is the first to be made in this federal district, prohibition agents said.

A \$10,000 Mansion

How would you like to have a \$10,000 brick house with red tile roof for your family; the house to have steam heat, tile floored baths, hot and cold water, fine rugs on the floor, beautiful draperies and fine furniture in every room?

Any man would be glad to provide that for his wife and children with all these comforts.

You are helping pay for such houses as these, more than 200 of them. Every taxpayer in Indiana is compelled to help.

This Republican administration is spending more than \$2,000,000 to build a new home for 1,000 prisoners—check forgers, wife deserters, automobile thieves, etc. If the prisoners were divided into average families of five persons, each five could have a \$10,000 mansion as described above.

A Republican administration is spending more taxes to house these criminals than any other administration ever spent to build institutions for the insane, the soldiers' orphans or other state charges. These criminals will be given a luxurious place to serve their sentences.

You Pay The Bill

You, Mr. Taxpayer, are helping to build this extravagant and luxurious prison de luxe. Your own family will do without many little conveniences and furnishings in order that you may pay higher taxes to build luxurious homes for criminals.

What Ralston Did

When Ralston was Governor, the State of Indiana built a new penal institution—one of the most effective reformatories in any state. All it cost was \$150 per prisoner, or \$750 for each five prisoners. Compare the \$750 the Democrats spent, to the \$10,000 the Republican administration is spending for a similar purpose.

It is a sample of Democratic Economy against Republican Extravagance.

DEATH OR LIFE:—For if ye live after the flesh, ye shall die; but if ye through the Spirit do mortify the deeds of the body, ye shall live.—Romans 8: 13.

Navy Day

Today we are celebrating Navy Day throughout the land. The people of the United States have been called on by proclamation of the president, and the several state governors and the mayors of many cities have backed up the call, by urging all patriotic citizens to display the national colors and dwell in our thoughts, for a brief space of time,

on the achievements of that wonderful body of loyal, valiant fighting men which piloted our soldiers through dangerous, U-boat infested waters without the loss of a single life.

The navy won new laurels for America and sustained the traditions of John Paul Jones. It was the United States navy which initiated the convoy system during the late war and demonstrated that transports could be successfully defended against the unexpected attacks of the German submarines. The convoy system was attempted against the advice of the British military experts who said that British merchantmen were safer going it alone than with destroyers accompanying them.

The American navy amply justified its existence and any attempt to reduce its strength, in the face of any lack of desires by other nations to disarm at sea, should be frowned upon by all loyal Americans.

The observance of Navy Day has been seized upon by the advocates of the ship subsidy bill to show the necessity of a strong and virile merchant marine as a secondary defense.

The national convention of the American Legion, at New Orleans, recently adopted a very strong resolution advocating the passage of the bill, not only to economize on our naval expenses, but to train our regular navy personnel on combatant ships. The ship subsidy bill, if enacted into law, will automatically increase the available personnel of the navy, and materially to the efficiency and strength of the navy and at the same time be a great aid to all business throughout the United States.

Cured By a Native Herb

On board a vessel bound for India recently a man was bitten by a poisonous reptile; both the ship doctor and a famous surgeon failed to control the poison fast spreading through his system.

In a day the vessel reached port. An Indian medicine man was sent for, who produced a native herb which quickly allayed the poison and the man's life was saved.

Roots and herbs are nature's assistants in combating disease. That well-known medicine for ailments peculiar to women, Lydia E. Pinkham's Vegetable Compound, is prepared from roots and herbs, possessing medicinal properties of great value in the treatment of such ailments.

This is proved by the letters of recommendation, we are continually publishing in this paper for it.

CARTHAGE OPENS
SEASON TONIGHT

Will Face Stiff Opposition for First Game When They Meet "Bull Dogs" at Columbus

JAMES L. SCHNELL IS COACH

Butler Star Expects to Put Out Whirlwind Combination This Year —Change in Schedule

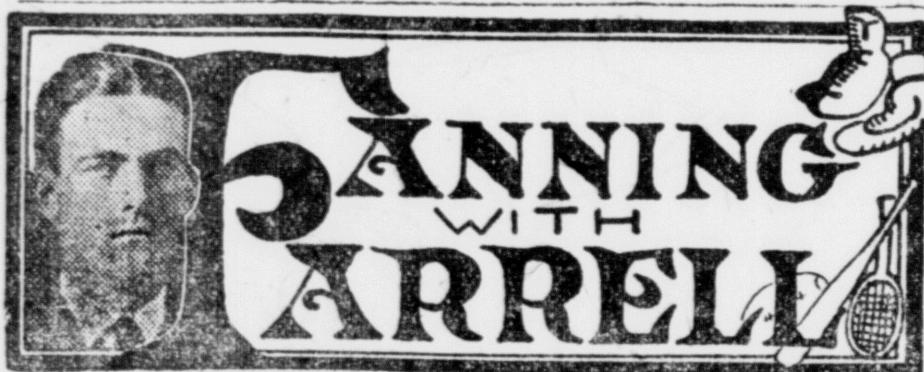

The Carthage high school basketball five will step out in fast company tonight when they journey down to Columbus, to meet the high school team there in the city hall building. Carthage is said to have shown rapid strides in their development and may give the "Ball Dogs" a battle at Columbus.

James L. Schnell, "Butler Star," is coaching the team at Carthage this year, and is putting out a whirlwind combination. The blue and white defeated the Carthage Alumani last Friday night by the score of 30 to 22 in one of the fastest games ever played on the Carthage floor.

The coach has just completed his schedule which shows several changes from the one arranged last spring and several hard games are ahead of the team. The complete schedule follows:

Oct. 27—At Columbus.
Nov. 3—Open.
Nov. 10—With Morristown.
Nov. 11—At Raleigh.
Nov. 17—At Fortville.
Nov. 21—At Spiceland.
Dec. 1—At Milroy.
Dec. 8—At Manilla.
Dec. 15—At Moscow.
Dec. 22—With Arlington.
Dec. 29—With Raleigh.
Jan. 5—With Knightstown.
Jan. 12—With Milroy.
Jan. 19—With Fortville.
Jan. 26—With Manilla.
Feb. 9—At Spiceland.
Feb. 10—Invitational tourney.
Feb. 16—At Morristown.
Feb. 23—At Knightstown.

In the Western Conference the big battles of the day will be staged between Ohio State and Minnesota and Michigan and Illinois.

By HENRY L. FARRELL
(United Press Sports Editor)

New York, Oct. 27—Under tents over the national gridiron, first real big football show of season will be staged tomorrow. Feature acts of an all-star card that will keep all the rings busy are:

Yale against the Army.
Navy against Pennsylvania.
Princeton against Chicago.
Georgia Tech against Notre Dame.
Harvard against Dartmouth.
Syracuse against Penn State.
Ohio State against Minnesota.
Michigan against Illinois.

With the exception of the Yale-Harvard game and the Army-Navy battle, the two biggest spectacles of the season will be staged at New Haven and Philadelphia.

The Army team, with all the cadets from West Point, will journey to the Yale bowl to see the soldiers engage the Bull Dog. The Cadet Corps will march and do all the picturesque rooting that only the service academies are capable of in the east.

While New Haven is being treated to the military spectacle and some football, Philadelphia will be watching the midshipmen from Annapolis go through the same stunts.

This is the first year that the sailors have been allowed to leave the academy for more than one game.

Princeton goes out to Chicago in an attempt to avenge the 9 to 0 defeat the western team handed the Tigers last fall. With only a shell of what used to represent Princeton, the Nassau eleven has a tough proposition on hands. Because of its intersectional appeal, this game perhaps is the biggest feature of the day. If Chicago should win from Princeton, it would add to Iowa's defeat of Yale in making the Western Conference the cock of the 1922 walk.

With The Big Ten

Chicago

Scalpers are asking \$100 for a single seat at the Chicago Princeton game. The Maroons drove to perfect the defense behind closed gates.

Northwestern

Captain Jimmy Paterson was back in the scrummage today for the first time since the Chicago game. The drill was snappy and the first string scored six touch downs.

Illinois

Illinois left for Detroit Thursday where the squad will make its headquarters until the Michigan game Saturday. Rue Clark, first string quarterback, was still on the hospital list and it looked as though George Dawson would be called on to pilot the team.

Michigan

Yost sent his men through a stiff scrummage today working out a number of new plays which he hopes will baffle the Illini defense.

Ohio State

Thirty-six men are in the squad which is in Minneapolis for the Minnesota game Saturday. Every man was in good condition.

Minnesota

Coaches were plugging away at the defense today. With a strong attack the entire scrummage was given over to perfecting a strong forward wall.

Indiana

Although several of the varsity players are still on the sick list, the first string managed to present a strong attack against the scrubs in scrummage. They scored several touchdowns. It was hoped that most of the cripples would be back for the Notre Dame clash.

Purdue

The boilermakers left for Iowa City for the game with the Hawks Saturday. With the exception of guard Fleishman, injured in the Chicago orgy, the team was in good condition.

Wisconsin

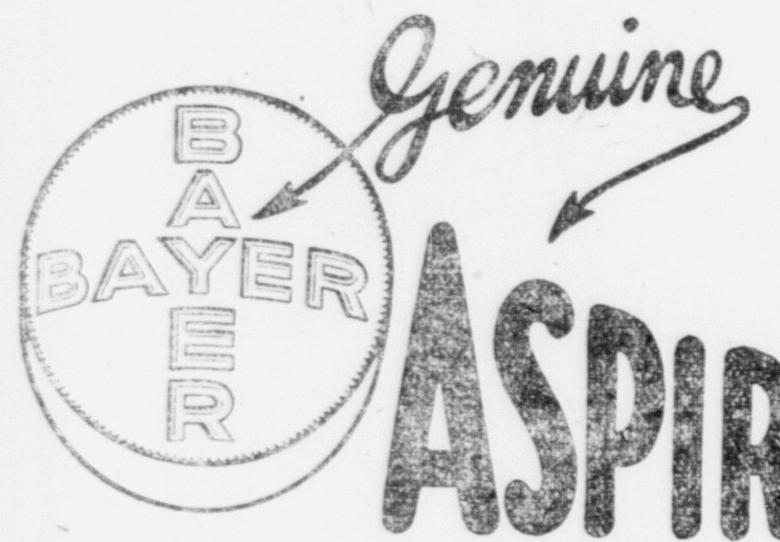

The Badgers were taking it easy. The first scrummage of the week was held Wednesday. The defense was instructed how to break up both Minnesota and Illinois plays.

Iowa

Secret practice with the scrubs using the Purdue plays was the order of the day. Iowa is taking no chances as a result of the Chicago game in which Purdue held the Maroons to a 12-0 score.

ARLINGTON TO TAKE
ON A HEAVY ELEVEN

Athletic Club Gridders Will Meet Cumberland in What is Expected to be Best of Season

WHOLE TEAM IS GOING GOOD

The Arlington Athletic Club will meet the heavy Cumberland football team at Arlington Sunday afternoon and this promises to be one of the fastest gridiron contests so far this season. The Cumberland team is coming prepared to give Arlington a real game and has met defeat but once this season and then by only one point.

The Arlington team is in good shape and all players have been showing great improvement, especially in last Sunday's game. Arlington has in Johnny Wicker, fullback, one of the fastest and hard hitting fullbacks in independent ball in the state.

Besides the two Northam brothers and Wade Treishman at halfbacks, also good ground gainers, the management is endeavoring to get H. W. Jones, Rushville high school coach and former Wabash college player, to assist in some new plays for the game Sunday and the Ferndale game on the following Sunday at Indianapolis.

The two teams Sunday will probably line up as follows: Cumberland, Sanford and Langberg, ends; Ferguson and Reasoner, tackles; Furgeson and Reasoner, tackles;

Lantz and Harmening guards; Frank center; Schleiser and O. Sweir (Capt.) at halves; Hoff, quarter; Coleman, full; Arlington, T. Wilcox-in, (Capt.), center; Updike and Stansford, guards; Metzker and Winslow ends; Kemp and Rohm, tackles; K. Wilcox-in, quarter; Wicker, full; Chet Northam and Ding Northam, half backs; Treishman, Hauk, Wilson, Woodruff, T. Wilcox-in and Miller are utility, who can be used to fill in any gap in the line up.

WILL PLAY AT BLUE RIDGE

Moscow and Raleigh High Schools to Clash at Basketball

Moscow high school basketball team will meet Raleigh at Blue Ridge on November 3, in the first county clash for the two teams, and it should be a battle royal. Moscow is hardly under way yet, but by that time should be in first class condition, according to L. E. Means, their coach.

Greensburg defeated Moscow last Friday, and Moscow missed 10 attempts to make free goals and many defects will be ironed out before the Raleigh clash. Moscow meets Geneva and probably St. Paul high school this week and these games should tune them up for the coming schedule fairly well.

Philadelphia, Pa.—William T. Tilley, II, tennis champion of the world, "was recovering nicely" today from an operation on a finger of his right hand, performed at Germantown hospital.

New York—Officials of the New York Giants announced there was no truth in the report that Charles A. Stoneham, president of the club, was preparing to dispose of his controlling interest in the team.

Cleveland—Walter "Duster" Mails, Southpaw pitcher for the Cleveland Indians, will be released to any club in the Pacific coast league that desires his services, the club announced. Mails asked for his release.

New York—Barred from fighting in Buenos Aires by an act of the city council, Luis Firpo, South American heavyweight champion, is expected to return to this country. It is understood he will be managed by Tom O'Rourke.

POLITICAL UNITS FAILED TO AGREE

Socialists, Socialist Labor, Farmer-Labor, Progressives and Others Couldn't Unite

ALL SEPARATE ON BALLOTS

These Various Parties Have Often Attempted To Consolidate With Candidates

By Lawrence Martin,
U. P. Staff Correspondent
Copyright 1922 by United Press.

Washington, Oct. 27.—Efforts to unite the forces of Radicalism, liberalism, unrest and protest into a cohesive political unit appears again to have failed.

In the November 7 elections, as in previous ones, these forces will divide their strength among a large number of candidates.

This year an early start was made in the attempt to bring the radicals and liberals of all shades under one leadership, so that they would all vote for one set of congressional candidates and make a stronger showing.

Socialists, socialist labor groups, farmer-labor parties, progressives and others who have broken away from the two major parties, were urged to agree locally on candidates to be supported by all the liberal or "protest" voters of that congressional district or state. It was suggested that where the farmer-labor party was strongest, it pick up candidates; that the socialists pick them where they were strongest. Every body else who did not want a Republican or Democrat elected was to rally around the third candidate.

It now appears that much in their usual style, the minor parties have gone their separate ways, nominating their own candidates and thus have split their strength.

In Illinois, for example, where the labor, farmer and socialist groups combined could make an impressive showing, they have failed to unite, and in nearly every congressional district of the state, there is a socialist candidate for congress and a farmer-labor candidate.

In New York state some progress has been made towards uniting the various groups. In a great many districts the socialist and farmer-labor groups have united on a common candidate although this is not totally the case.

Liberal leaders have for months predicted that the two major parties would be shocked at the size of the protest vote this year. Labor, it has been promised, would jolt the Republicans on account of the Daugherty injunction and the decisions of the supreme court affecting the status of organized workers.

Labor's protest, however, seems unlikely to advance greatly the cause of radicalism in this country, principally because the workers, except those who are socialists or active members of one of the radical groups are inclined to conservatism, politically.

The extent of the radical split is shown by the fact that no fewer than twenty parties or groups have presented congressional candidates this year.

Said Can't Be Done

"My experience with doctors and medicines caused me to lose faith in both, and when a friend told me that Mayr's Wonderful Remedy would cure my stomach trouble I told him it can't be done." However, he finally persuaded me to try it and to my surprise it did. All symptoms of acute indigestion and gas having disappeared." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. TO FRAME LITTLE FACES

It is easy to suit the angelic faces of little girls, and designers delight to make piquant millinery for them. Above are three widely different hats framing appropriately the young faces that smile under them.

PROFITABLE REPAIRS

is our motto. When your shoes start running down at the heels, or the soles get thin have them repaired. Don't wait until the hole gets through. When the hole gets through the outer sole, moisture and dirt gets into the insole and rots them out. Bring us a pair of your comfortable shoes and let us sew a pair of soles on them. You'll be surprised at the results.

ORANGE REVIVAL IS ATTRACTING CROWDS

Delegations From Various Fraternal Organizations and Churches of Community Attending

SUNDAY TO BE RED LETTER DAY

Sunday is expected to be another banner day at the Orange Christian church where a revival is being conducted by the pastor, the Rev. W. H. Law, assisted by T. R. Humphrey, singing evangelist of Vevay, Ind. Sunday school and church will be held in the morning, a basket dinner will be served in the church basement at noon and in the afternoon the pastor will speak to a men's meeting. A women's meeting will be addressed by the Rev. F. T. Taylor of Glenwood at the M. E. church in the afternoon. Sunday will be known as Alpine day.

A delegation from the high school will attend the meetings Saturday night and tonight the Methodist church congregation of Glenwood will visit the revival and have a part in the program. Thursday evening was Ben Davis night and members of that congregation participated in the service.

Tuesday night the Masons and the Glenwood Christian church congregation were guests and on Monday night the Methodist church of Orange was represented by fifty members.

Other organizations of the community were present at the services last week and last Sunday 400 ate dinner in the church basement. Three confessions were made last Sunday and two on Saturday night, when Andersonville was represented by a large delegation.

AMUSEMENTS

Coming to Mystic Saturday

Black Bart, leader of the Border Wolves, who have been terrorizing the settlers in the Mojave desert vicinity, swept down on General Waite's home and kidnapped his daughter, Hope.

Jack Keith, border ranger, with set face and stern determination, took to the saddle and trailed the bandit to his cabin. There the two powerful man-killers faced each other. No quarter was expected or given. For once guns were laid aside and man's most primitive weapon, the naked fist, was used. Keith fought silently and coolly while the bandit roared and raged. For thirty minutes the two enemies fought until Keith struck the last terrific blow that sent the bandit to the floor.

"Keith of the Border" is the name of Triangle's great photoplay, which embodies one of the most extraordinary screen fights in the history of the silent drama. This picture will be shown at the Mystic theatre on Saturday. It should be recalled that "Keith of the Border" is an adaptation of Randall Parish's very successful novel by the same name.

Vaudeville at the Princess

Vaudeville and pictures will be the regular offering for the week end patrons at the Princess theatre today and Saturday, when two vaudeville acts of musical and entertaining numbers will be presented in connection with the regular photoplay features.

"Channing of the Northwest", the picture requested by Eugene O'Brien's following, proves the soundness of the public's judgment. It affords Mr. O'Brien the best opportunity of his career. He is unusually well qualified to play the part of the English gentleman forced to emigrate from his native land and take up life anew under entirely different conditions.

The first part of the production gives O'Brien an opportunity for the sartorial display for which he is justly famous. As a habitue of Piccadilly and Mayfair, whose hobby is Gayety girls, Eugene is very much there.

Making the mistake of taking one of the ladies of the chorus seriously Eugene or Channing leaves England and goes to work on the Northwest Mounted.

On his beat is "Sport" McCool's place. Mr. McCool is a smuggler or, as we say in America, a bootlegger. It was in the same vicinity Channing met "Jes" Driscoll an extremely comely young lady. Jim Frayne loved Jes Driscoll but this affection was not reciprocated. Jes fell in love with Channing; that makes the story.

It is a tale of conflict between the English gentleman and the product

98 Out of Every 100 Women Benefited

An Absolutely Reliable Statement Important to Every Woman

Remarkable Results Shown by a Nation Wide Canvass of Women Purchasers of Lydia E. Pinkham's Vegetable Compound. 50,000 Women Answer

For some time a circular has been enclosed with each bottle of our medicine bearing this question: "Have you received benefit from taking Lydia E. Pinkham's Vegetable Compound?"

Replies, to date, have been received from over 50,000 women answering that question.

98 per cent of which say YES.
That means that **98 out of every 100 women who take the medicine for the ailments for which it is recommended are benefited by it.**

This is a most remarkable record of efficiency. We doubt if any other medicine in the world equals it.

Think of it—only two women out of 100 received no benefit—98 successes out of a possible 100. Did you ever hear of anything like it? We must admit that we, ourselves, are astonished.

Such evidence should induce every woman suffering from any ailment peculiar to her sex to try Lydia E. Pinkham's Vegetable Compound and see if she can't be one of the 98

THE LYDIA E. PINKHAM MEDICINE CO., Lynn, Mass.

Of course we know that our medicine does benefit the large majority of women who take it. But that only two out of 100 received no benefit is most astonishing.

It only goes to prove, however, that a medicine specialized for certain definite ailments—not a cure all—one that is made by the most scientific process; not from drugs, but from a combination of nature's roots and herbs, can and does do more good than hastily prepared prescriptions.

You see, we have been making, improving and refining this medicine for over 50 years until it is so perfect and so well adapted to women's needs that it actually has the virtue to benefit 98 out of every 100 women who take it.

It's reliability and recognized efficiency has gained for it a sale in almost every country in the world—leading all others.

"KELLOGG'S? You betcha! My Daddy says it's Kellogg's or nuffin' for him! and he's tried 'em all! HE KNOWS!"

Kellogg's Corn Flakes snap up fussy appetites something wonderful!

No coaxing needed these days to tempt family folks and visitor folks to eat a-plenty—not when there's a big pitcher of cold milk or cream and lots of Kellogg's Corn Flakes—and, maybe some handy fresh fruit—ready to tickle fickle palates!

Kellogg's are unlike any corn flakes you ever ate! They're the original kind—they ought to be best! No other corn flakes are so deliciously flavored; no other corn flakes retain such wonder-crispness till eaten!

Kellogg's are always a delight to serve—and a treat to eat at any meal! In fact, you'll never know how good corn flakes can be until you know KELLOGG'S! The difference is astounding!

Do more than ask for Corn Flakes—say KELLOGG'S CORN FLAKES! Don't accept substitutes!

How Acme Worm Bouncer Expells Worms

When the hogs and pigs eat anything the Free Intestinal Worms do not like they lay dormant. The hog which is fed ACME WORM BOUNCER in the SELF FEEDER eats a little—several times a day. The WORM BOUNCER goes into the stomach and intestines—STRAIGHT. The time comes when the worm must eat, and when he does, the ACME WORM BOUNCER PARALYZES the worm—he then must go—and in that manner the ACME WORM BOUNCER expels the worms and EXPELLS THEM ALIVE from 5 to 7 days after you commence to feed ACME WORM BOUNCER.

ACME WORM BOUNCER is fed with perfect safety to all pregnant animals, whereas any remedy that kills the worm in the INTESTINES AND STOMACH is very injurious to the animal and very dangerous to use.
